WORK EXPERIENCE

MADISON SQUARE GARDEN | FREELANCE DIGITAL PRODUCT DESIGNER

Sept 2025 - Current

- Designing **responsive prototypes** and **reusable components** across **desktop and mobile** for MSG.com, the New York Knicks, and the New York Rangers in **Figma** and **Ceros** with the Digital Experience, Engineering, and Marketing teams.

ACCESSIBLE LEARNING LABS | UI/UX DESIGNER

Sept 2025 - May 2026

- Led UX design for NSF-funded **accessibility** and STEM education labs and redesigned **design systems** in **Figma** using **WCAG standards**, **reusable UI patterns**, and **AI-assisted prototyping** with **Figma Make** and **Claude**.
- Delivered interactive accessibility-focused lab experiences to **30,000+ exhibition attendees**, driving increased engagement with STEM education initiatives.

MADISON SQUARE GARDEN | DIGITAL PRODUCT DESIGN STUDENT ASSOCIATE

May 2024 – Aug 2024

- Increased MSG.com homepage user preference ratings to **87.5%** through **high-fidelity Figma prototype iteration**, **usability testing**, and **interaction design** improvements.
- Conducted **40+ user research studies** in **UserTesting** to evaluate **engagement**, **navigation patterns**, **NPS**, and **search engine optimization**, presenting **competitive analysis** and **A/B testing** findings to the Digital Experience team.

ROCHESTER INSTITUTE OF TECHNOLOGY | TEACHING ASSISTANT

Aug 2023 - May 2026

- Assisted **100+** students with **JavaScript** in **p5.js** and provided **constructive feedback** on **creative coding** projects.

AMAZON | CAMPAIGN & CREATIVE MANAGEMENT YOUTH APPRENTICE

Sept 2020 – June 2022

- Developed wiki and e-commerce websites for Amazon's Grocery and Streaming TV teams while conducting **10+ stakeholder interviews** to gather user needs, synthesize business requirements, and inform design decisions.
- Reviewed and consolidated **user insights, stakeholder goals, and analytics** to support advertising campaign strategy and cross-functional decision-making.

PROJECTS

FLOSS BOSS

ARDUINO, C++, JAVASCRIPT, NODE.JS, FIGMA, RIVE

- Led the **game development** process for an alternative controller project with a team of 9 designers and developers.
- Built **interactive hardware and digital interfaces** with **Arduino**, **JavaScript**, **Rive** animations, and **Figma** prototypes.
- Presented the project to **20,000+ attendees** as an alt.ctrl.GDC finalist at the GDC Festival of Gaming.

PORTFOLIO

FIGMA, REACT.JS, THREE.JS

- Designed and developed an interactive portfolio experience with motion, 3D elements, and responsive UI patterns, translating **high-fidelity Figma prototypes** into **front-end experiences** using **React.js** and **Three.js**.
- Iterated on interaction flows, animations, and navigation systems to balance **visual storytelling**, **accessibility**, **responsiveness**, and overall user engagement across devices.

EDUCATION

Rochester Institute of Technology

Aug 2022 - May 2026

B.S. NEW MEDIA INTERACTIVE DEVELOPMENT (WEB DEVELOPMENT MINOR)

GPA: 3.93

EXTRACURRICULARS

COMPUTER SCIENCE HOUSE | PUBLIC RELATIONS DIRECTOR

June 2023 – June 2025

- Managed the public image of a tech-oriented living and learning community by sharing **multimedia content** on **social media** and increasing **outreach** with student organizations.

RIT HONORS COUNCIL | COMMUNITY & WELLNESS COMMITTEE CHAIR

May 2023 – Aug 2024

- Fostered wellness, diversity, and inclusion among honors students via informational campaigns and weekly committee meetings.
